

# Carehold 300 g

## Anti-slip stabilizer paper sheet

-  Resistant to inclinations higher than 45°
-  Reduction of packaging and logistics costs
-  Reduction of returns and breakages in transport
-  Space optimization and saving on pallets
-  Reusable and 100% recyclable paper
-  Heat and humidity resistant
-  Contributes to the reduction of the carbon footprint
-  Customizable with your brand image

## Technical Specifications Carehold 300 g

	Unit	Regulations	Value
<b>Weight</b>	g/m <sup>2</sup>	NF En ISO 536, 1996	300
<b>Thickness</b>	μ	NF En ISO 534, 2005	480
<b>Toxicity</b>			Null
<b>Recyclability</b>			Yes
<b>Slip angle</b>	Gradually	NF Q3-083	<45°
<b>Static friction</b>	Gradually	ISO 8295	≥0,9
<b>Dynamic friction</b>	Gradually	ISO 8295	≥0,7
